The present application claims priority ~~from~~ to Hungarian Patent Application 0205406, filed February 7, 2002.

Please replace the paragraph at page 4, line 14 with the following amended paragraph:

We filled up a 500 l compulsory-type mixer with polystyrofoam granule (2-10 mm) prepared by grinding packaging material. Then we added a mix composed of 20 l water, 5 l soda soluble glass and 8 l of 50% polyvinyl acetate ~~of 50%~~. After this, we filled 50 kg of portland cement in the mixer, and mixed for 2 minutes. Then we added further 50 kg of cement and 25 l water and mixed the whole for another 2 minutes.
